Currently banks can source money at record low rates. This often means banks can offer better interest rates to new borrowers than they can to their existing clients. Now is the ideal time for refinancing.

**REASONS FOR REFINANCING**

Refinance for one or more of the following reasons:

- Lower interest rate/pay your loan off sooner.
- Lower repayments/freeing up cash flow.
- Consolidate credit cards & personal loans into one loan.
- Access equity for further investment.
- Source additional funds for any worthwhile purpose:

1. Car purchase
2. Renovations
3. Paying school fees
4. Holidays
